To Whom It May Concern:

Our school hired **Marco Boudreau** to help us with supervision of students during the recess and lunchtime sessions. He was asked to do **undercover** surveillance and videotape the students.

He was **extremely** valuable to our school as he accomplished this service in a professional and discreet manner.

We were able to suspend and expel students who completed drug deals, smoked marijuana, and took part in vandalism and bullying. **He** helped tremendously in making the environment a safer place.

He impressed us with his tactics. He was quite reliable and **professional** in completing his task. He was also able to build **relationships** with many of our students and staff members.

I recommend him for employment of a various nature with a school or private enterprise. He would be of great assistance **should** his services be required.

Should you need anymore information, please feel free to contact me.
